Case Study Instructions

• Experience the type of results and feedback that may be experienced during your LESAT facilitation and follow-on work

• 2 Cases that represent enterprises using LESAT
  • Advanced Composite Aerostructures Incorporated
  • Electronic Systems Incorporated

• Background info and LESAT results provided

• Read the Case individually (15 minutes)
Case Study Instructions

• Prepare to brief the case as a team
  • Highlight the major facts
  • Outline the prime issues related to Lean Transformation
  • Provide Evidence from the LESAT results
  • Propose the recommended actions and timeline

• Report out to the whole group (15 minutes w/ discussion)
  • Include answers to questions at end of case
