Day 14

Major Project Components:

Deck, Square, Atrium / Labyrinth Climate Control System, Buildings

Major Issues:

- ⊕ Highly ambitious project (create useable space over rail yard, international prestige for Melbourne, highlight sustainable design, etc.)
- ⊕ Controversial process (many political battles, delays, cost increases, etc.)

Jodie Misiak

Day 14

Site Details:

-between Yarra River and
Melbourne's Central
Business District

-3.6 hectares

- deck constructed over
operational commuter rail
yard
