- Views to sunrise over the ocean
- A place for contemplation
- A space of privacy and solitude
- Interconnection and meandering spaces
- Roof elevation changes that make every room in the house a different experience
SCHEME 1
- Moved bathroom door so that it is not visible from the entrance
- Sliding doors to conserve space
- New entry way allowing the door space to swing open
- Additional window

SCHEME 2
- Moved bathroom door so that it is not visible from the entrance
SCHEME 1

- Roof angle
- Skylight

SCHEME 2

- Roof overhang
- extended entry way

ISOMETRIC RENDERINGS
The skylight allows more light to penetrate the interior space. The overall lighting is better inside after the installation of the skylight.
