QUARTERLY PROGRESS REPORT

January 15, 1953

Submitted by: J. B. Wiesner
G. G. Harvey
H. J. Zimmermann

Introduction

This report, the twenty-eighth in a series of quarterly progress reports issued by the Research Laboratory of Electronics, contains a review of the research activities of the Laboratory for the three-month period ending November 30, 1952. Inasmuch as this is a preliminary report, no results should be considered final.

Since the publication of the last report, the administrative staff of the Laboratory has been augmented by the appointment of two associate directors — Professor George G. Harvey, of the department of physics and Professor Henry J. Zimmermann, of the department of electrical engineering.
