

## Final Project Proposal (Due Tuesday Apr. 24)

One page final project descriptions are due Tuesday April 24th. Only one submission is necessary for each group. Proposals should include:

1. A description of your final project
  - a) what are your objectives for the project?
  - b) how does this relate to Emotion Machine/Society of Mind?
  - c) how do you plan to accomplish your objectives?
2. A list of group members

There is a lot of freedom in the final project assignment. You can write a paper or write a program, alone or as group.

**\*\* Your project must first be approved by the TAs! \*\*** So, before you submit your proposal you should arrange to meet at least once with the TAs (schedules are on Wiki) Bring several ideas with you to these meetings.

## Final Project Options (due Friday May 18th)

## Option 1

Write an essay (10-15 pages, 1.5 spaced font).

- a) Explore some idea or aspect of the Emotion Machine theory in detail.
- b) Write a survey essay covering at least 15 research papers spanning multiple academic fields and relating these to the theory.  
For example, multi-strategy machine learning, a mental disorder, developmental neuropsychology, cognitive architectures, reflection and self-reflection (self-models and reflection).

## Option 2

Program an implementation of an aspect of the theory with a short essay describing what it does and how it works.

Final project is 40% of your grade.
